

CASE STUDY

# Cygilant Delivers Security-as-a-Service Monitoring for Aqua Finance

## Industry

- Finance

## Challenge

- Make the IT environment more stable, reliable and secure

## Solution

- Cygilant Managed Detection and Response

## Result

- An extended team of dedicated cyber security experts
- Proactive 24x7 security monitoring
- Alerts and remediation of security concerns and risks of compromise

**Aqua Finance** is the leader in water treatment financing and a preferred finance provider for Home Improvement, HVAC, marine, RV, powersports and much more. Aqua Finance's "small-town" approach to lending allows them to approve more customers than most other lenders.

Due to the proven track record, Aqua Finance selected Cygilant Managed Detection and Response (MDR) for comprehensive [security monitoring](#). Cygilant provides Aqua Finance dedicated cyber security expertise, 24x7 monitoring, alert notification/remediation, and daily reporting. Cygilant enables Aqua Finance to develop a thorough, proactive security monitoring program that addresses and remediates any security concerns or risks of compromise.

"Cygilant is extremely thorough and professional," said Mark Vander Sanden, Executive Vice President and CIO of Aqua Finance.

*"The partnership with Cygilant is a critical piece in making the IT environment at Aqua Finance much more stable, reliable, and secure."*

## Managed Detection and Response (MDR)

24/7/365 threat detection, compliance monitoring and SIEM and Log Management through a cloud-based SOC-as-a-Service. Customers get curated actionable alerts which we've investigated, and we provide remediation guidance.
